- Taiga Forum

#### International relations and WHS

Boreal ancient forest covers about 50 % of the Russian Siberia and Far East. Timber logging is the serious threat for biodiversity and ecosystems.

The Udege are the Forest People. Their welfare depends on the environment health.

Japan is one the key buyer of the Far Eastern ancient forest products. We need your understanding, new ecological vision and support.

Taiga Forum is the one of the tool to promote Bikin, Ussuri Taiga and Udege values.

Tiger Summit (Vladivostok, 2010) COP X (Nagoya, 2010)

UNESCO World Heritage Status (WHS) is the final destination.
